

What topics do you suggest for discussion on sexuality, human
relationships and love? Write 6 matters that you consider important.

_	
	Ξ

Make up a story of a challenging life situation which a person of your
age could face in life, work. In addition to describing the problem
situation, you can try to solve it, too, but it is not necessary to find a solution.

3

What methods do you think should be used when dealing with matters (related to sexuality, human relationships, and love)? Please circle the methods you prefer (and/or write other methods).

Reading lecturing watching videos doing art doing crafts discussing writing music acting writing answers to questions

In some other way, how:
